PUBLIC ADVERTISEMENTS

OFFICE OF THE PRINCIPAL INFORMATION OFFICER TO THE GOVERNMENT OF MYSORE OLD PUBLIC OFFICES, BANGALORE.

Press Note.

Some cart manufacturers and agriculturists have brought to the notice of Government that they are put to considerable hardship on account of the non-availability of iron tyres and other agricultural implements or their non-supply in time to the Multi-purpose Co-operative Societies, and that this also results in retarding of the food production work. On enquiries made in the matter, it is learnt that the Commissioner for Food Production, to whom only a small quota of steel was allotted by the Government of India, had this quota distributed to the agriculturists through the Multi-purpose Co-operative Societies, and that large quantities could not therefore be supplied.

The Government of India have since allotted and arranged for the release of 3,190 tons of iron and steel materials to the State for agricultural purposes for the period I/1950, and it is expected that this allotment will suffice to meet all agricultural needs. Multi-purpose Societies or individual cart manufacturers or other persons, who are interested in obtaining iron materials for agricultural purposes, are hereby informed that they should send their applications to the Commissioner for Food Production for their requirements, instead of to the Controller, Iron and Steel, Bhadravati.

Press Note.

FORTNIGHTLY REPORT ON FOOD PRODUCTION FOR THE FORTNIGHT ENDING 31st MARCH 1950.

1. *Weather and Crop Prospects.*—There was no rainfall anywhere in the State during the fortnight.

The standing crops of paddy, Bengalgram, irrigated ragi and sugarcane were reported to be good.

2. *Foodgrains Procurement.*—The following figures indicate the procurement of foodgrains in the State for the fortnight ending 31st March 1950 :—

Paddy.	...	1,453,570 pallas
Ragi	...	214,045 do
Jola	...	35,064 do
Other grains	...	5,848 do

3. *Procurement of Oilcake and Fertilisers.*—

Groundnut Oilcake	...	135 tons
Superphosphate	...	538 do

4. *Procurement and Distribution of Iron and Steel.*—Five hundred and twenty-two tons of cart materials (Tyres and tubes, etc.) were received and distributed to all the Taluk and Circle Multi-purpose Co-operative Societies in the State for issue to raiyats.

5. *Kar ragi and Paddy Cultivation.*—The total area prepared and transplanted with ragi, paddy, jola, etc., are given below :—

		Area Prepared Acres.	Area transplanted Acres.
Ragi	...	.....	779
Paddy	...	10,309—0	8,824—33
Jola	...	.....	1,404—0
Bengalgram	...	.....	133 acres.

6. *Lift Irrigation in River Valleys.*—Eighty acres of wet lands have been brought under wet cultivation by installing two irrigation pumps one at Holavanahalli and another at Kyamenahalli in Koratagere Taluk.

In some parts of the State, the standing crops of paddy are reported to be in peril due to scarcity of water since the water level in the tanks has gone low and in some cases the water is completely exhausted. The only course left open is to pump water from the tanks or the nearby wells or "Madus" with the help of diesel engines and electric pumps wherever possible and save the crop. The Deputy Commissioners of districts have reported that immediate installation of the above water pumps would save the crop to an appreciable extent. This question was also discussed with Sri S. Y. Krishnaswamy, Joint Secretary, Ministry of Agriculture, who was pleased to agree with the importance of this question, and advised the immediate purchase and installation of these pumps wherever necessary.

Accordingly, arrangements have been made for the purchase of 30 (5 H.P.) and 10 (10 H.P.) diesel engines. Of these, 5 (5 H.P.) and all the 10 (10 H.P.) diesel engines have been received and these are being shifted to the places where they are required to be installed to pump water.

At Nilsoge :—One pump is working and is in good condition. The other pump will be fixed as soon as flanged pipes are received. Water is made available for 108 acres out of 410 acres and 100 acres have been ploughed.

At Harihar :—Water is made available for sixty acres.

At Kolihalli (Tumkur District) :—An estimate for Rupees forty one thousand has been sanctioned *vide* Government Order No. P. W. 7753-58—Irn. 155–49–2, dated the 18th February 1950.

7 *Irrigation Wells*:—During the fortnight under report, thirty irrigation wells were completed, twenty-six in Chitaldurg District and four in Kolar District.

8 *Intensive Cultivation Selection of Areas* :—Sixty-eight villages comprising an extent of forty-two thousand acres have been selected in Shimoga District for taking up intensive cultivation.

9 *Co-operative Farming*:—During the fortnight, the Commissioner for Food Production inaugurated the Co-operative Society at Hunsur in Mysore District on 6th March 1950. Fifty members were enrolled. Arrangements have also been made for the demarcation of the lands and ploughing the lands with the help of bull-dozers and tractors.

10 *General*:—Forty-five Gun Licenses have been sanctioned during the fortnight in Shimoga District for the purpose of protecting crops against wild animals.

Sri S. Y. Krishnaswamy, I.C.S., Joint Secretary to the Ministry of Agriculture, New Delhi, came here during the fortnight and examined in detail all the Food Production Schemes of the State Government. Among the several decisions taken to speed up the activities of the Food Production Schemes to achieve the maximum results within the target time, it was agreed that the Deputy Commissioners of each District be given over all powers to grant expenditure up to a limit of Rupees ten thousand, though the expenditure related to other than the Revenue Department. This is expected to yield quick results in as much as the Deputy Commissioner will be able to take action to get some of the important works sanctioned on the spot without waiting for official routines.
